

City of DuPont Shoreline Master Plan Update  
Open House

Tuesday, September 13, 2010  
7:00 PM to 8:30 PM

DuPont City Hall  
1700 Civic Drive  
DuPont, WA 98327

The Shoreline Management Act (SMA) requires the City of DuPont to update its Shoreline Master Program (SMP). The SMP is a planning document that sets policy and establishes regulations for development of shoreline areas that qualify as “shorelines of the state.” These regulated areas include the adjacent uplands within 200 feet of the ordinary high water mark and associated wetlands and floodplain areas. You are receiving this notice because you own property in, or adjacent to, the City’s regulated shoreline area, or you have expressed interest in the upcoming update process.

On September 13, 2010, the DuPont Planning Agency will host an open house to discuss future goals and use of the shorelines of the state based on the SMA and draft DuPont Shoreline Inventory and Characterization Report. The open house will include a presentation by Ecology staff regarding the update process, a presentation by city consultants regarding the draft report and discussion of the next steps in the process. You are also welcome to join staff and consultants on a walk to the shoreline access area at DuPont City Hall, 1700 Civic Drive, from 3:00 PM to 5:00 PM, weather permitting. Check the City of DuPont website under “Planning Department” for further details and information.
