Stay hydrated!

A disaster could make it difficult to communicate and for response units to get to you in the event of an emergency. If you are away from home, you may have to rely on the supplies you have with you. Pack enough for each family member. Is your family prepared for the first 72 hours?

Useful items for 72-hour disaster kits include:

Food (non-perishable) (2,000-4,000 calories per person per day)
Water for 72 hours (at least 1 quart per person per day)

Manual can opener
Clothing, socks, shoes
Toiletries to include soap, towels, shaving kit, toothbrush, toothpaste, mouthwash
Toilet paper, feminine napkins (and a way to contain or dispose of waste)

Facial tissues
Pop-up wet tissues
Extra batteries

Blankets/bedding
Large and small Plastic bags and ties, zipper locking bags
Water purification tablets or bleach and eye dropper
Emergency contact phone numbers (relocation plan)

Medications listing by family member
Photos of family members

AM/FM Radio (with extra batteries)
Walkie/Talkies (with extra batteries)

Cash, small notes, coins
Tool Kit

Tarp/Tent
Hooded Poncho
Matches/candle/heat source
Deck of playing cards

**Be sure to have a
radio with
battery backup**

Useful items for your disaster car kit:
